

line at [research.utoronto.ca](http://research.utoronto.ca) for student viewing; please use descriptive language to describe your research, suitable for an undergraduate student. The student's role must be specifically identified in the proposed project description.

Please note: Students who receive an Undergraduate Research Award must focus on their summer research project for a period of 12-16 weeks, depending on the specific award they receive. **Each faculty member may only submit one project summary.** Only one faculty member can be associated with each project. Faculty members must hold eligible NSERC funding in order to supervise a student holding an NSERC USRA.

**Deadline** for research project summary submission: **Wednesday November 20, 2019.**  
Late submissions will not be accepted.

**Please submit your completed and signed form via email to:** [studentresearch@utoronto.ca](mailto:studentresearch@utoronto.ca)  
using the "Submit Form" button above

This form must be filled in electronically and bear the electronic signature of the researcher at the bottom.
